Strategies for Omnichannel Excellence and AI-Powered Personalization

11:50 AM-12:25 PM

Every day, consumers engage with a myriad of platforms and channels, leaving digital breadcrumbs in their wake. And while their journeys are more complex than ever, customer expectations around personalization and privacy have increased steadily, with the majority of people now saying they expect companies to understand and anticipate their needs, and to personalize offers and experiences accordingly. To win the hearts and minds of customers it is imperative to provide them with a seamless, unified experience. AI-based models have the power to meet and exceed those expectations. In this session, three executives will share how they're

leveraging AI-based personalization to drive sales, loyalty, customer satisfaction and more

Your Sound: A Key Instrument for Marketplace Success

3:00 PM-3:25 PM

“Your Sound” is a term from jazz music that means having an identifiable voice, style, or perspective. CMOs use an employer’s brand identity to position products and services in the marketplace.

From a company perspective, identifying and developing “Your Sound” showcases a distinctive tone, feeling, and rhythm that clients and customers instantly recognize.

Leveraging Your Sound into a unique value proposition can drive long-term business success in today’s highly competitive and complex environment.
