Breaking Down Cloud Security Silos with Unified Visibility

10:45 AM-11:15 AM

Cloud security should empower innovation, not slow it down. Discover how to gain comprehensive visibility across multi-cloud environments, identify hidden risks, and prioritize threats before they lead to breaches. Explore real-world strategies for securing the cloud while enabling teams to move fast and build with confidence.

Secure Cloud Access at Cloud Velocity

11:15 AM-11:45 AM

As organizations embrace digital transformation and move to the cloud, balancing security with developer productivity is crucial. Granting permanent access increases risk, while overly restrictive controls can delay projects. Explore how Zero Standing Privileges (ZSP) can secure developer access without slowing down workflows, ensuring both security and efficiency.
