UNLOCK THE VALUE OF CLOUD INVESTMENTS

July 15, 2025
5:30 PM-9:00 PM

Eastern Time

In today's economy, leaders are being asked to drive innovation while tightening spend. Cloud costs are rising, budgets are under scrutiny, and every tech investment must deliver clear business value.
Join fellow finance and technology leaders for an executive roundtable exploring how Technology Business Management combines Cloud FinOps and ITFM (IT financial management) and enables organizations to:
Maximize cloud efficiency and control variable spend
Link technology costs directly to business outcomes
Deliver accurate, defensible chargebacks with fully burdened unit economics
Together, FinOps and ITFM create a unified approach to cost transparency, accountability, and value realization—helping you accelerate transformation without compromising financial discipline.
