BEYOND THE PAGER. THE BOARDROOM SHIFT.

October 01, 2026
5:30 PM-9:00 PM
Central Time

Every leader at this table knows the heavy weight of a late night incident. We watch our brightest engineers burn their energy fighting fires instead of building the future. Production risk is no longer a technical headache tucked away in engineering, it is a defining business risk that touches every part of our organization.
Join us for an intimate dinner with fellow technical and financial executives. Together we will explore how to elevate reliability into a strategic boardroom priority, using AI and modern architecture to protect both your revenue and your teams.
We look forward to raising a glass with you over exceptional food and deep conversation.
