TRANSFORMING FROM WITHIN: RETHINKING CORE FUNCTIONS FOR THE DIGITAL AGE

November 26, 2025
6:00 PM-9:30 PM
Central European Time

In today's rapidly evolving landscape, organizations are navigating complex challenges across digital transformation, cloud adoption, finance and operations modernization, and the responsible integration of AI. During this executive engagement, we will bring together senior leaders to share insights, explore practical approaches to technology-enabled transformation, and discuss how to align innovation with business strategy. Through peer-level conversation in an intimate setting, attendees will gain perspective on emerging trends, common roadblocks, and the opportunities shaping the future of enterprise transformation across the region.
