AWS

Rafal Hollins
Lead Cloud Architect
Lancashire Insurance Group

Vivekananda Patil
Devops Lead
Infosys

Jason Hickey
Principal Solutions Architect
synamedia

Why This Workshop Matters Now

Are you running OpenAI models in production but questioning their long-term fit? Many teams are exploring migration to AWS Bedrock's foundation models (Claude 3.7 Sonnet, Amazon Nova Pro) to gain better cost control, stronger security, and improved data sovereignty.

This half-day workshop will equip you with the frameworks, tools, and hands-on experience to migrate confidently - without disrupting production.
