ACCELERATING INNOVATION THROUGH REAL-TIME DATA

November 18, 2024

5:30 PM-9:00 PM

Eastern Time

Join us for an exclusive executive dinner event in New York City, tailored for visionary leaders aiming to harness the power of real-time data streaming. Discover how Confluent's cloud-native platform on AWS empowers enterprises to seamlessly stream, process, and govern data in real time, regardless of location. Gain insights into Kora, our cloud-native Apache Kafka engine, and explore our fully managed Apache Flink service for serverless stream processing with 120+ connectors to AWS services. Learn from real-world use cases and engage in discussions on the transformative impact of data streaming on business operations and customer engagement. Don't miss this opportunity to network with your peers and learn from data streaming experts to drive innovation in your organization with Confluent and AWS.

TOGETHER WITH
